

| Programme | Vector Analysis (Part 1) | | STROUD 2 |
|---|--|--------------|----------|
| 12 | Revision of Scalar & Vector Quantities | Frames 1-11 | Pg. 617 |
| | Unit Vectors | | |
| | Direction Cosines | | |
| | Scalar & Vector Products | | |
| | Scalar Triple Product | Frames 12-13 | Pg. 625 |
| | Properties of Scalar Triple Products | Frames 14-15 | Pg. 626 |
| | Coplanar Vectors | Frames 16-18 | Pg. 628 |
| | Vector Triple Products | Frames 19-27 | Pg. 631 |
| | Differentiation of Vectors | Frames 28-40 | Pg. 636 |
| | Differentiation of Sums & Products | Frame 41 | Pg. 642 |
| | Unit Tangent Vectors | Frames 42-47 | Pg. 643 |
| | Partial Differentiation of Vectors | Frames 48-49 | Pg. 647 |
| | Integration of Vector Functions | Frames 50-55 | Pg. 648 |
| | Scalar & Vector Fields | Frame 56 | Pg. 651 |
| | Grad (Gradient of a Vector Function) | Frames 57-62 | Pg. 652 |
| | Directional Derivatives | Frames 63-69 | Pg. 656 |
| | Unit Normal Vectors | Frames 70-73 | Pg. 660 |
| | Grad of Sums & Products of Vectors | Frames 74-77 | Pg. 662 |
| | Div (Divergence of a Vector Function) | Frames 78-80 | Pg. 665 |
| | Curl (Curl of a Vector Function) | Frames 81-84 | Pg. 666 |
| Summary of Grad, Div and Curl | Frames 85-86 | Pg. 668 | |
| Multiple Operations (and Special Cases) | Frames 87-91 | Pg. 670 | |
| Revision Summary | Frame 92 | Pg. 674 | |
| Test Exercise XII | Frame 93 | Pg. 676 | |
| Further Problems XII | | Pg. 677 | |

| Programme | Vector Analysis (Part 2) | | STROUD 2 |
|-----------|---|--------------|----------|
| 13 | Line Integrals (and Scalar Fields) | Frames 1-9 | Pg. 679 |
| | Vector Fields | Frames 10-20 | Pg. 684 |
| | Volume Integrals | Frames 21-27 | Pg. 690 |
| | Surface Integrals (Definitions) | Frame 28 | Pg. 696 |
| | Surface Integrals for Scalar Fields | Frames 29-32 | Pg. 697 |
| | Surface Integrals for Vector Fields | Frames 33-42 | Pg. 700 |
| | Conservative Vector Fields | Frames 43-52 | Pg. 708 |
| | Gauss Divergence Theorem | Frames 53-63 | Pg. 714 |
| | Stokes Theorem | Frames 64-68 | Pg. 722 |
| | Direction of Unit Normal Vectors to a Surface S | Frame 69 | Pg. 726 |
| | Stokes Theorem: Further Examples | Frames 70-78 | Pg. 726 |
| | Green's Theorem | Frames 79-83 | Pg. 733 |
| | Revision Summary | Frame 84 | Pg. 738 |
| | Test Exercise XIII | Frame 85 | Pg. 741 |
| | Further Problems XIII | | Pg. 742 |

| Programme | Vector Analysis (Part 3) | | STROUD 2 |
|------------------|--|--------------|----------|
| 14 (OPTIONAL) | Curvilinear Coordinates | Frames 1-9 | Pg. 746 |
| | Cylindrical Polar Coordinates / Base Vectors | Frames 10-12 | Pg. 752 |
| | Spherical Polar Coordinates / Base Vectors | Frames 13-16 | Pg. 754 |
| | Scale Factors | | Pg. 756 |
| | Scale Factors for Coordinate Systems | Frames 17-18 | Pg. 758 |
| | General Curvilinear Coordinate System | Frames 19-21 | Pg. 761 |
| | Transformation Equations | Frame 22 | Pg. 762 |
| | Elements of Arc and Volume | Frame 23 | Pg. 764 |
| | Grad, Div and Curl and Div(grad V) in Orthogonal Curvilinear Coordinates | Frames 24-30 | Pg. 765 |
| | Cartesian Rectangular Coordinates | Frames 31-32 | Pg. 769 |
| | Cylindrical Polar Coordinates | Frame 33 | Pg. 770 |
| | Spherical Polar Coordinates | Frame 34 | Pg. 770 |
| | Revision Summary | Frame 35 | Pg. 772 |
| | Test Exercise XIV | Frame 36 | Pg. 774 |
| | Further Problems XIV | | Pg. 775 |
